GLAD LAW GLBTQ Legal advocates & defenders

Since 1978, GLAD Law's litigation has achieved scores of precedent-setting victories on behalf of LGBTQ+ people and those living with HIV.

- A school community embraces a transgender teacher; a lesbian couple gets married in Texas; a gay teenager is treated with love by his foster family; a Ugandan activist gets asylum in the US; a worker living with HIV keeps his job...all because of GLAD Law.

GLAD Law has been instrumental in the LGBTQ+ rights movement through advocacy work and bold litigation. We help to create not only safer physical life and workspaces for the LGBTQ+ community and people with HIV, but protect the right to form families, fight for affirmation and dignity in state and federal laws, and take down economic and life opportunity barriers.

Each time GLAD Law argues a case or tackles an issue, we tear down more outdated laws and stereotypes that have denied LGBTQ+ people and people living with HIV basic protections and opportunities in every area of daily life. <https://www.gladlaw.org>
